

# **TWIN RIDGES ELEMENTARY SCHOOL DISTRICT**

## **WI-FI LAB**

Twin Ridges is offering a WiFi Lab to assist students with the extra support they need while adjusting to remote learning. We have two full-time aides available for tutoring, homework, and IT support. A bag lunch can be provided, upon request, for your student to take home after their WiFi Lab session.

There are five, one hour time slots available Monday through Friday from 9:00 AM to 2:00 PM. Please contact Kelly Moreno at (530) 265-9052 ext. 201 to schedule. When you call, please provide your date and time slot preference. You may schedule back-to-back sessions based upon your student's need and timeslot availability.

The Wi-Fi Lab is set up to meet social distancing requirements and masks are required at all times during the session. Prior to admittance, Lab aides will take temperature readings. Any student with a temperature reading above 100.0, or exhibiting other symptoms related to COVID-19, will not be admitted. Cleaning and sanitizing practices are in place between sessions.

Parents are required to sign students in and out. Please return promptly to pick-up your student upon completion of the assigned lab session.

TRESD administration, teachers, and staff are available to help your student succeed! Please reach out if we can help in any way.

### **WI-FI LAB SCHEDULE:**

9:00 AM – 10:00 AM

10:15 AM – 11:15 AM
