In order to eradicate institutional bias of any kind, including implicit or unintentional biases and prejudices that affect student achievement, and to eliminate disparities in educational outcomes for students from historically underserved and underrepresented populations, the district shall proactively identify class and cultural biases as well as practices, policies, and institutional barriers that negatively influence student learning, perpetuate achievement gaps, and impede equal access to opportunities for all students.

The Board shall make decisions with a deliberate awareness of impediments to learning faced by students of color and/or diverse cultural, linguistic, or socio-economic backgrounds. To ensure that equity is the intentional result of district decisions, the Board shall consider whether its decisions address the needs of students from racial, ethnic, and indigent communities and remedy the inequities that such communities experienced in the context of a history of exclusion, discrimination, and segregation. Board decisions shall not rely on biased or stereotypical assumptions about any particular group of students.

School Plans/Site Councils

BP 0420

Philosophy, Goals, Objectives and Comprehensive Plans

The Governing Board believes that comprehensive planning is necessary at each school in order to focus school improvement efforts on student academic achievement and facilitate the effective use of available resources. The Superintendent or designee shall ensure that school plans provide clear direction and identify cohesive strategies aligned with school and district goals.

- (cf. 0000 - Vision)

- (cf. 0460 - Local Control and Accountability Plan)

Each district school that participates in one or more federal and/or state categorical programs funded through the state's consolidated application process pursuant to Education Code 64000 shall establish a school site council in accordance with Education Code 65000-65001. The school site council shall develop, approve, and annually review and update a school plan for student achievement (SPSA) which consolidates the plans required for those categorical programs into a single plan, unless otherwise prohibited by law. (Education Code 64001)

The Superintendent or designee shall review each school's SPSA to ensure that it meets the content requirements for all applicable programs, is based on an analysis of current practices and student academic performance, and reasonably links improvement strategies to identified needs of the school and its students. The Superintendent or designee shall also ensure consistency between the specific actions included in the district's local control and accountability plan and the strategies identified in each school's SPSA.

The Board shall, at a regularly scheduled Board meeting, review and approve each school's

If the Board does not approve a school's SPSA, it shall communicate its specific reasons for disapproval of the plan to the school site council. The school site council shall then revise and resubmit the SPSA to the Board for its approval. (Education Code 64001)

The Superintendent or designee shall ensure that school administrators and school site council members receive training on the roles and responsibilities of the school site council.

The SPSA may serve as the school improvement plan required when a school is identified for targeted or comprehensive support pursuant to 20 USC 6303. (Education Code 64001)

(cf. 0500 - Accountability)

Any complaint alleging noncompliance with requirements related to the establishment of school site councils or the development of the SPSA may be filed with the district in accordance with the district's uniform complaint procedures pursuant to 5 CCR 4600-4670 and BP/AR 1312.3 - Uniform Complaint Procedures. Board Policy

Charter School Authorization

BP 0420.4

Philosophy, Goals, Objectives and Comprehensive Plans

The Governing Board recognizes that charter schools may assist the district in offering diverse learning opportunities for students. In considering any petition to establish a charter school within the district, the Board shall give thoughtful consideration to the potential of the charter school to provide students with a high-quality education that enables them to achieve to their fullest potential.

One or more persons may submit a petition to the Board for a charter school to be established within the district or for the conversion of an existing district school to a charter school. (Education Code 47605)

Any petition for a charter school shall include all components, signatures, and statements required by law, as specified in the accompanying administrative regulation. The proposed charter shall be attached to the petition. (Education Code 47605)

The Superintendent or designee shall consult with legal counsel, as appropriate, regarding compliance of the charter petition with legal requirements.

The Superintendent or designee may work with charter school petitioners prior to the formal submission of the petition in order to ensure compliance of the petition with legal requirements. As needed, the Superintendent or designee may also meet with the petitioners to establish workable plans for contracted services which the district may provide to the proposed charter school.

The Board shall not require any district student to attend the charter school nor shall it require any district employee to work at the charter school. (Education Code 47605)

Timelines for Board Action

Within 60 days of receiving a charter petition, the Board shall hold a public hearing on the charter provisions, at which time the Board shall consider the level of support for the petition by teachers, other district employees, and parents/guardians. A petition is deemed received on the day the petitioner submits a petition to the district office, along with a signed certification that

the petitioner deems the petition to be complete. (Education Code 47605)

The Board shall either grant or deny the petition at a public hearing held within 90 days of receiving the petition, or within 120 days with the consent of both the petitioner and the Board. (Education Code 47605)

(cf. 9320 - Meetings and Notices)

At least 15 days before the public hearing at which the Board will grant or deny the charter, the district shall publish all staff recommendations regarding the petition, including any recommended findings and, if applicable, certification from the County Superintendent of Schools regarding the potential fiscal impact of the charter school on the district. During the public hearing, the petitioners shall have equal time and opportunity to present evidence and testimony in response to the staff recommendations and findings. (Education Code 47605)

The Superintendent or designee shall maintain accurate records, in relation to each charter petition, of documents submitted, the Board's proceedings, and the findings upon which the Board's decision is made.

Approval of Petition

A charter petition shall be granted only if the Board is satisfied that doing so is consistent with sound educational practice and the interests of the community in which the school is proposing to locate. In granting charters, the Board shall consider the academic needs of the students the charter school proposes to serve and shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences for students who are identified by the petitioner as academically low-achieving, based on standards established by California Department of Education (CDE). (Education Code 47605)

Prior to authorizing any charter, the Board shall verify that the charter includes adequate processes and measures for monitoring and holding the school accountable for fulfilling the terms of its charter and complying with all applicable laws, including Education Code 47604.1. Such processes and measures shall include, but are not limited to, fiscal accountability systems, multiple measures for evaluating the educational program, inspection and observations of any part of the charter school, and regular reports to the Board.

(cf. 0420.41 - Charter School Oversight)

The approval or denial of a charter petition shall not be controlled by collective bargaining agreements nor subject to review or regulation by the Public Employment Relations Board. (Education Code 47611.5)

The Board may approve one or more memoranda of understanding to clarify the financial and operational agreements between the district and the charter school. Any such memorandum of understanding shall be annually reviewed by the Board and charter school governing body and amended as necessary.

The Board may initially grant a charter for a specified term not to exceed five years. (Education Code 47607)

(cf. 0420.42 - Charter School Renewal)
(cf. 0420.43 - Charter School Revocation)

When a petition is approved by the Board, it shall be the responsibility of the petitioners to provide written notice of the Board's approval and a copy of the charter to the County Superintendent of Schools, the CDE, and the State Board of Education (SBE). (Education Code 47605)

Denial of Petition

The Board shall summarily deny any charter petition that proposes to:

1. Operate a charter school as or by a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization (Education Code 47604)
2. Convert a private school to a charter school (Education Code 47602)
3. Serve students in a grade level that is not served by the district, unless the petition proposes to serve students in all the grade levels served by the district (Education Code 47605)
4. Offer nonclassroom-based instruction (Education Code 47612.7)

Regarding all other charter petitions, the Board shall deny a petition only if the Board makes written factual findings specific to the petition that one or more of the following conditions exist: (Education Code 47605; 5 CCR 11967.5.1)

1. The charter school presents an unsound educational program that has a likelihood of physical, educational, or psychological harm to, or which is not likely to provide an educational benefit for, the students to be enrolled in the charter school.
2. The petitioners are demonstrably unlikely to successfully implement the program set

forth in the petition.

3. The petition does not contain the number of signatures required.
4. The petition does not contain a clear, unequivocal statement described in Education Code 47605(e), including that the charter school will be nonsectarian and that the school shall not charge tuition or discriminate against any student based on the characteristics specified in Education Code 220.
5. The petition does not contain reasonably comprehensive descriptions of the charter provisions in Education Code 47605(c).
6. The petition does not contain a declaration as to whether or not the charter school shall be deemed the exclusive public employer of the school's employees for purposes of collective bargaining pursuant to Government Code 3540-3549.3.
7. The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. Analysis of this finding shall include consideration of the fiscal impact of the proposed charter school. A written factual finding shall detail specific facts and circumstances regarding:
 - a. The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings
 - b. Whether the proposed charter school would duplicate a program currently offered within the district, when the existing program has sufficient capacity for the students proposed to be served within reasonable proximity to where the charter school intends to locate
8. The district is not positioned to absorb the fiscal impact of the proposed charter school. The district meets this criterion if it has a negative interim certification, or has a qualified interim certification and the County Superintendent certifies that approving the charter school would result in the district having a negative interim certification.

The Board shall not deny a petition based on the actual or potential costs of serving students with disabilities, nor shall it deny a petition solely because the charter school might enroll students with disabilities who reside outside the special education local plan area in which the district participates. (Education Code 47605.7, 47647)

Board Policy

Charter School Oversight

BP 0420.41

Philosophy, Goals, Objectives and Comprehensive Plans

The Governing Board recognizes its ongoing responsibility to oversee that any charter school authorized by the Board is successfully fulfilling the terms of its charter and is providing a high-quality educational program for students enrolled in the charter school.

(cf. 0420.4 - Charter School Authorization)

(cf. 0500 - Accountability)

The Superintendent or designee shall identify at least one staff member to serve as a contact person for each charter school authorized by the Board. (Education Code 47604.32)

The Superintendent or designee shall visit each charter school at least annually and may inspect or observe any part of a charter school at any time. (Education Code 47604.32, 47607)

The Superintendent or designated charter school contact shall attend meetings of the charter school governing body whenever possible and shall periodically meet with a representative of the charter school.

Waivers

If the charter school wishes to request a general waiver of any state law or regulation applicable to it, it shall request that the district submit a general waiver request to the State Board of Education (SBE) on its behalf. Upon approval of the Board, the Superintendent or designee shall submit such a waiver request to the SBE on behalf of the charter school.

(cf. 1431 - Waivers)

Provision of District Services

The charter school may purchase administrative or other services from the district or any other source. (Education Code 47613)

Whenever the district agrees to provide administrative or support services to a charter school, the district and the charter school shall develop a memorandum of understanding which clarifies the

financial and operational agreements between them.

At the request of a charter school, the Superintendent or designee shall create and submit any reports required by the State Teachers' Retirement System or Public Employees' Retirement System on behalf of the charter school. The district may charge the charter school for the actual costs of the reporting services, but shall not require the charter school to purchase payroll processing services from the district as a condition for creating and submitting these reports. (Education Code 47611.3)

Material Revisions to Charter

Material revisions to a charter may only be made with Board approval. Material revisions shall be governed by the same standards and criteria that apply to petitions for the authorization of charter schools as set forth in Education Code 47605 and shall include, but not be limited to, a reasonably comprehensive description of any new requirement for charter schools enacted into law after the charter was originally granted or last renewed. (Education Code 47607)

If an approved charter school proposes to establish or move operations to one or more additional sites or grade levels, the charter school shall request a material revision to its charter and shall notify the Board of those additional locations or grade levels. The Board shall consider approval of the additional locations or grade levels at an open meeting. (Education Code 47605)

The Board shall have the authority to determine whether a proposed change in charter school operations constitutes a material revision of the approved charter.

Monitoring Charter School Performance

The Superintendent or designee shall monitor each charter school that is authorized by the district to determine whether it complies with all legal requirements applicable to charter schools, including making all reports required of charter schools in accordance with Education Code 47604.32. Any violations of law shall be reported to the Board.

The Board shall monitor each charter school to determine whether it is achieving the measurable student outcomes set forth in the charter, both schoolwide and for each numerically significant student subgroup served by the school as defined in Education Code 52052. This determination shall be based on the measures specified in the approved charter and any applicable memorandum of understanding, and on the charter school's annual review and assessment of its progress toward the goals and actions identified in its local control and accountability plan (LCAP), as reported in the California School Dashboard.

The Board shall monitor the fiscal condition of the charter school based on any financial report

or information obtained from the charter school, including, but not limited to, the charter school's preliminary budget, annual update of the charter school's LCAP, first and second interim financial reports, and final unaudited report for the full prior year. (Education Code 47604.32, 47604.33, 47606.5)

The district may charge up to one percent of a charter school's revenue for the actual costs of supervisory oversight of the school. However, if the charter school is able to obtain substantially rent-free facilities from the district, the district may charge up to three percent of the charter school's revenue for actual costs of supervisory oversight or, if the facility is provided under Education Code 47614, the pro-rata share facilities costs calculated pursuant to 5 CCR 11969.7. If the district charges the pro-rata share, it may also charge one percent of the charter school's revenue in oversight fees. If the district is given responsibility for supervisory oversight of a charter school that was authorized by SBE on appeal, the district is not limited to these percentages and may charge for the actual costs of supervisory oversight and for the administrative costs necessary to secure charter school funding. (Education Code 47613)

(cf. 7160 - Charter School Facilities)

Technical Assistance/Intervention

Whenever a charter school is identified for technical assistance based on the performance of one or more numerically significant student subgroups on SBE-established criteria, the charter school shall receive technical assistance from the County Superintendent of Schools. Such technical assistance shall be focused on building the charter school's capacity to develop and implement actions and services responsive to student and community needs, including, but not limited to, any of the following: (Education Code 45607.3)

1. Assisting the charter school to identify its strengths and weaknesses in regard to the state priorities applicable to the charter school pursuant to Education Code 47605. This shall include working collaboratively with the charter school to review performance data on the state and local indicators included in the California School Dashboard and other relevant local data and to identify effective, evidence-based programs or practices that address any areas of weakness.
2. Working collaboratively with the charter school to secure assistance from an academic, programmatic, or fiscal expert or team of experts to identify and implement effective programs and practices that are designed to improve performance in any areas of weakness identified by the charter school. Another service provider, including, but not limited to, a school district, county office of education, or charter school, may be solicited to act as a partner to the charter school in need of technical assistance.
3. Obtaining from the charter school timely documentation demonstrating that it has

completed the activities described in items #1 and 2 or substantially similar activities, or has selected another service provider to work with the charter school to complete the activities described in items #1 and 2 or substantially similar activities, and ongoing communication with the Board to assess the charter school's progress in improving student outcomes.

In addition, if, in three out of four consecutive school years, a charter school fails to improve outcomes for three or more numerically significant student subgroups, or for all of the student subgroups if the school has fewer than three subgroups, in regard to one or more state or school priorities identified in the charter, the district: (Education Code 47607.3)

1. Shall provide technical assistance to the charter school based on the California School Dashboard
2. May request that the Superintendent of Public Instruction (SPI), with SBE approval, assign the California Collaborative for Educational Excellence to provide advice and assistance to the charter school pursuant to Education Code 52074

In accordance with law, the Board may deny a charter school's renewal petition or may revoke a charter based on the charter school's poor performance, especially with regard to inadequate academic achievement of all numerically significant subgroups of students served by the charter school.

(cf. 0420.42 - Charter School Renewal)
(cf. 0420.43 - Charter School Revocation)

Complaints

Each charter school shall establish and maintain policies and procedures to enable any person to file a complaint, in accordance with the uniform complaint procedures as specified in 5 CCR 4600-4670, alleging the school's noncompliance with Education Code 47606.5 or 47607.3. (Education Code 52075)

(cf. 1312.3 - Uniform Complaint Procedures)

A complainant who is not satisfied with the decision may appeal the decision to the SPI. (Education Code 52075)

If the charter school finds merit in the complaint or the SPI finds merit in an appeal, a remedy shall be provided to all affected students and parents/guardians. (Education Code 52075)

REQUIREMENTS FOR CHARTER SCHOOLS

A charter school shall be subject to the terms of its charter; any memorandum of understanding between the school and the district Governing Board; the state and federal constitutions; applicable federal laws; state laws that apply to governmental agencies in general; and other legal requirements that are expressly applicable to charter schools, including, but not limited to, the following requirements.

Governance

1. Comply with the Ralph M. Brown Act (Government Code 54950-54963), California Public Records Act (Government Code 6250-6270), conflict of interest laws (Government Code 1090-1099), and Political Reform Act (Government Code 81000-91014), including the adoption of a conflict of interest code pursuant to Government Code 87300 (Education Code 47604.1)
2. Except as otherwise authorized by Government Code 54954, hold the meetings of its governing body within the physical boundaries of the county in which the charter school is located or, if a nonclassroom-based charter school that does not have a facility or operates one or more resource centers, hold governing body meetings within the physical boundaries of the county in which the greatest number of students enrolled in the charter school reside. In addition, a two-way teleconference location shall be established at the school site and/or resource center, as applicable. (Education Code 47604.1)

Operations

3. Not be operated as, or be operated by, a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization (Education Code 47604)
4. Be nonsectarian in its programs, admission policies, employment practices, and all other operations (Education Code 47605)

5. Adhere to all laws establishing the minimum age for public school attendance (Education Code 47610)

6. Serve students who are California residents and who, if over 19 years of age, are continuously enrolled in a public school and making "satisfactory progress" toward a high school diploma as defined in 5 CCR 11965 (Education Code 47612)

7. Serve students with disabilities in the same manner as such students are served in other district schools (Education Code 47646, 56145)

8. Admit all students who wish to attend the charter school, according to the following criteria and procedures:

a. Admission to the charter school shall not be determined according to the student's or parent/guardian's place of residence within the state, except that any existing public school converting partially or entirely to a charter school shall adopt and maintain a policy giving admission preference to students who reside within that school's former attendance area. (Education Code 47605)

If a charter school will be physically located in a public elementary school attendance area in which 50 percent or more of the student enrollment is eligible for free or reduced-price meals, it may also establish an admission preference for students who are currently enrolled in that public elementary school and for students who reside in the public school attendance area. (Education Code 47605.3)

b. If the number of students who wish to attend the charter school exceeds the school's capacity, attendance shall be determined by a public random drawing, with preference extended to students currently attending the charter school and students who reside in the district, except as provided for in Education Code 47614.5. (Education Code 47605)

c. Other admission preferences may be permitted by the Board of the district on an individual school basis consistent with law. (Education Code 47605)

9. Not discourage a student from enrolling or seeking to enroll in the charter school, nor encourage a current student from disenrolling, for any reason, including, but not limited to, the student's academic performance, nationality, race, ethnicity, or sexual orientation or because the student is a student with disabilities, academically low achieving, an English learner, neglected or delinquent, homeless, economically disadvantaged, or a foster youth. The charter school shall not request or require a student's records to be submitted before enrollment. 15. Post specified information related to the prohibition against discrimination under Title IX of the Education Amendments of 1972 in a prominent and conspicuous location on the school web site or on the web site of the charter operator (Education Code 221.61)

16. If the charter school offers competitive athletics, annually post on the school's web site or on the web site of the charter operator the total enrollment of the school classified by gender, the number of students who participate in competitive athletics classified by gender, and the number of boys' and girls' teams classified by sport and by competition level (Education Code 221.9)

17. Provide specified accommodations to pregnant and parenting students, including, but not limited to, the provision of parental leave and reasonable accommodations on campus to a lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. (Education Code 49014)

School Plans

22. Adopt a local control and accountability plan (LCAP) and update the plan by July 1 each year, after holding a public hearing, consulting with specified stakeholders, and using the template adopted by the State Board of Education (SBE). As part of the LCAP adoption and annual update to the LCAP, the governing body of the charter school shall separately adopt a local control funding formula budget overview for parents/guardians, based on the template developed by the SBE. (Education Code 47604.33, 47606.5, 52064, 52064.1)

23. If the charter school applies for federal and/or state categorical program funding through the state's consolidated application, establish a school site council to develop and annually review a school plan for student achievement, unless the school chooses to use its LCAP for this purpose (Education Code 64000-64001, 65000-65001)

Board Policy

Charter School Renewal

BP 0420.42

Philosophy, Goals, Objectives and Comprehensive Plans

The Governing Board believes that the ongoing operation of a charter school should be dependent on the school's effectiveness in achieving its mission and goals for student learning and other student outcomes. Whenever a charter school submits a petition for renewal of its charter, the Board shall review the petition thoroughly and in a timely manner. The Board shall consider renewal petitions only of charters originally authorized by the Board itself or by the State Board of Education on appeal after initial denial by the Board.

(cf. 0420.4 - Charter School Authorization)

(cf. 0420.41 - Charter School Oversight)

(cf. 0420.43 - Charter School Revocation)

(cf. 0500 - Accountability)

The Board shall deny the renewal petition of any charter school operated as or by a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization. (Education Code 47604)

When a charter school, concurrently with its renewal petition, proposes to expand operations to one or more additional sites or grade levels, the charter school shall request a material revision to its charter. The material revision may be made only with the approval of the Board and in accordance with the standards and criteria in Education Code 47605 for material revisions. (Education Code 47607)

The Board recommends that a charter school submit its petition for renewal to the Board sufficiently early before the expiration of the term of the charter to allow the Board's deliberations and decision on the renewal petition to be completed with minimal disruption to the charter school's educational program in the renewal year.

The petition for renewal shall include a reasonably comprehensive description of how the charter school has met all new charter school requirements enacted into law after the charter was originally granted or last renewed. (Education Code 47607; 5 CCR 11966.4)

Criteria for Granting or Denying Renewal

FAX(530) 265-3049

Renewals shall be governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605. However, a charter renewal shall not be denied based on the fiscal impact of the charter school on the district or a finding that the charter school is unlikely to serve the interests of the entire community in which the school is located, as described in Education Code 47605. (Education Code 47607)

The signature requirement for charter authorization petitions is not applicable to petitions for renewal. (Education Code 47607)

In determining whether to grant a charter renewal, the Board shall review both schoolwide performance and the performance of numerically significant student subgroups on the state and local indicators included in the California School Dashboard, giving greater weight to performance on measurements of academic performance. If the Dashboard indicators are not yet available for the most recently completed academic year before renewal, the Board shall consider verifiable data provided by the charter school related to the Dashboard indicators, such as data from the California Assessment of Student Performance and Progress, or any successor system, for the most recent academic year. (Education Code 47607)

Following the Board's review, a renewal of the charter petition may be granted in accordance with a three-tiered system based on school performance, as follows:

1. Renewal of Five to Seven Years

A renewal shall be granted for a period of five to seven years to a charter school that is not eligible for technical assistance pursuant to Education Code 47607.3 and that, for two consecutive years immediately preceding the renewal, achieved either of the following: (Education Code 47607)

- a. Received the two highest performance levels schoolwide on all the state indicators included in the Dashboard for which the charter school receives performance levels
- b. For all measurements of academic performance, received performance levels schoolwide that are the same or higher than the state average and, for a majority of numerically significant student subgroups performing statewide below the state average in each respective year, received performance levels that are higher than the state average

2. Renewal of Five Years

- a. A renewal shall be granted for five years if clear and convincing evidence, demonstrated by verified data, shows either of the following: (Education Code 47607.2)

Twin Ridges Elementary School District
Scott Mikal-Heine, Superintendent

16661 Old Mill Rd.
Nevada City, CA 95959

(530) 265-9052

(1) Measurable increases in academic achievement, as defined by at least one year's progress for each year in school

(2) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers

b. For any such charter school, the Board may deny the renewal petition upon making written factual findings that the charter school failed to meet or make sufficient progress toward meeting standards that provide a benefit to students at the school, that the closure of the charter school is in the best interest of students, and that the Board's decision provided greater weight to performance on measurements of academic performance. (Education Code 47607.2)

3. Denial with Option for Two-Year Renewal

a. The Board shall generally not renew a charter if, for two consecutive years immediately preceding the renewal decision, either of the following applies: (Education Code 47607.2)

(1) The charter school has received the two lowest performance levels schoolwide on all the state indicators included in the Dashboard for which it receives performance levels.

(2) For all measurements of academic performance, the charter school has received performance levels schoolwide that are the same or lower than the state average and, for a majority of numerically significant student subgroups performing statewide below the state average in each respective year, received performance levels that are lower than the state average.

b. However, the Board may grant a two-year renewal to any such charter school if the Board makes written factual findings, setting forth specific facts to support the findings, that:

(1) The charter school is taking meaningful steps to address the underlying cause(s) of low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school.

(2) There is clear and convincing evidence, demonstrated by verified data, showing achievement of the criteria specified in item #2a above

In addition to all the grounds stated above for denial of a charter renewal, the Board may deny renewal of a charter upon a finding that the school is demonstrably unlikely to successfully implement the program set forth in the petition due to substantial fiscal or governance factors or a finding that the school is not serving all students who wish to attend. When denying a charter

renewal for either of these reasons, the Board shall provide the charter school at least 30 days' notice of the alleged violation and a reasonable opportunity to cure the violation, including the submission of a proposed corrective action plan. The renewal shall be denied if the Board finds either that the corrective action proposed by the charter school has been unsuccessful or that the violations are sufficiently severe and pervasive as to render a corrective action plan unviable. Any finding that a school is not serving all students who wish to attend shall specifically identify the evidence supporting the finding. (Education Code 47607)

A charter school that is eligible for the state's Dashboard Alternative School Status shall not be subject to any of the above criteria. Instead, in determining whether to grant a charter renewal for such a charter school, the Board shall consider, in addition to the charter school's performance on the state and local indicators included in the Dashboard, the charter school's performance on alternative metrics applicable to the charter school based on the student population served. The Board shall meet with the charter school during the first year of the charter school's term to mutually agree to discuss alternative metrics to be considered and shall notify the charter school of the alternative metrics to be used within 30 days of this meeting. The Board may deny a charter renewal only upon making written findings, setting forth specific facts to support the findings, that the closure of the charter school is in the best interest of students. (Education Code 47607)

Timelines for Board Action

Within 60 days of receiving the renewal petition, the Board shall hold a public hearing to review documentation submitted by the charter school and obtain public input. A petition is deemed received on the day the petitioner submits a petition to the district office, along with a signed certification that the petitioner deems the petition to be complete. (Education Code 47605)

The Board shall either grant or deny the charter renewal within 90 days of receiving the petition, or within 120 days with the consent of both the petitioner and the Board. (Education Code 47605)

At least 15 days before the public hearing at which the Board will grant or deny the charter petition, the Board shall publish all staff recommendations and recommended findings regarding the petition. During the public hearing, petitioners shall have equal time and opportunity to present evidence and testimony to respond to the staff recommendations and findings. (Education Code 47605)

If the Board fails to make a written factual finding when required for denial of the petition pursuant to the section "Criteria for Granting or Denying Renewal" above within the required time period, the absence of a written factual finding shall be deemed an approval of the renewal petition. The Superintendent or designee shall provide notification to CDE, within 10 calendar days of the Board's action, whenever a renewal of the charter is granted or denied. (Education Code 47604.32; 5 CCR 11962.1)

If the Board denies a renewal petition, the charter school may submit its application for renewal to the County Board within 30 days of the Board's written factual findings supporting the denial. (Education Code 47605, 47607.5)

School Closure

If a charter is not renewed and the charter school ceases operation, the Board and/or the charter school shall implement the school closure procedures specified in the charter in accordance with Education Code 47605 and 5 CCR 11962. (Education Code 47603.32)

Board Policy

Charter School Revocation

BP 0420.43

Philosophy, Goals, Objectives and Comprehensive Plans

The Governing Board expects any charter school it authorizes to provide a sound educational program that promotes student learning and to carry out its operations in a manner that complies with law and the terms of its charter. The Board may revoke a charter in accordance with law.

(cf. 0420.4 - Charter School Authorization)

(cf. 0420.41 - Charter School Oversight)

(cf. 0420.42 - Charter School Renewal)

(cf. 0500 - Accountability)

When the Board determines, in writing, that any violation under Education Code 47607 constitutes a severe and imminent threat to the health or safety of students, the Board may immediately revoke the school's charter. When such a determination is made, the Board shall approve and deliver to the charter school's governing body, the County Board of Education, and the California Department of Education (CDE) a Notice of Revocation by Determination of a Severe and Imminent Threat to Pupil Health or Safety. (Education Code 47607; 5 CCR 11968.5.3)

In all other circumstances, the Board may revoke a charter after providing due process and using the procedures described below. The Board may revoke a charter if it makes a written factual finding specific to that charter school and supported by substantial evidence that the charter school has done any of the following: (Education Code 47607)

1. Committed a material violation of any of the conditions, standards, or procedures set forth in the charter
2. Failed to meet or pursue any of the student outcomes identified in the charter
3. Failed to meet generally accepted accounting principles or engaged in fiscal mismanagement
4. Violated any law

The Board shall also consider revoking the charter of any charter school for which the California

Collaborative for Educational Excellence (CCEE) has provided advice and assistance pursuant to Education Code 47607.3 if CCEE has issued either of the following findings: (Education Code 47607.3)

1. That the charter school has failed or is unable to implement the recommendations of the CCEE
2. That the inadequate performance of the charter school, as based on the California School Dashboard, is so persistent or acute as to require revocation of the charter

In determining whether to revoke a charter, the Board shall consider increases in student academic achievement for all numerically significant groups of students served by the charter school, as defined in Education Code 52052. (Education Code 47607, 47607.3)

Revocation Procedures

If the Board is considering a revocation of a charter school, it shall take action to approve and deliver a Notice of Violation to the charter school's governing body. The Notice of Violation shall identify: (Education Code 47607; 5 CCR 11965, 11968.5.2)

1. The charter school's alleged violation(s).
2. All evidence relied upon by the Board in determining that the charter school committed the alleged violation(s), including the date and duration of the alleged violation(s). The Notice shall show that each alleged violation is both material and uncured and that it occurred within a reasonable period of time before the Notice of Violation is issued.
3. The period of time that the Board has concluded is a reasonable period of time for the charter school to remedy or refute the identified violation(s). In identifying this time period, the Board shall consider the amount of time reasonably necessary to remedy each identified violation, which may include the charter school's estimation as to the anticipated remediation time.

At least 72 hours prior to any meeting at which the Board will consider issuing a Notice of Violation, the Board shall provide the charter school with notice and all relevant documents related to the proposed action. (5 CCR 11968.5.2)

(cf. 9320 - Meetings and Notices)

By the end of the remedy period identified in the Notice of Violation, the charter school's governing body may submit to the Board a detailed written response and supporting evidence

addressing each identified violation, including, as applicable, a refutation, remedial action taken, or proposed remedial action. (5 CCR 11968.5.2)

At the conclusion of the remedy period specified in the Notice of Violation, the Board shall evaluate any response and supporting evidence provided by the charter school's governing body and shall take one of the following actions: (5 CCR 11968.5.2)

1. Discontinue revocation of the charter and provide timely written notice of such action to the charter school's governing body
2. Continue revocation of the charter, by issuing a Notice of Intent to Revoke to the charter school's governing body within 60 calendar days of the conclusion of the remedy period, if there is substantial evidence that the charter school has failed to remedy a violation identified in the Notice of Violation or to refute a violation to the Board's satisfaction. All evidence relied upon by the Board for the decision shall be included in the Notice of Intent to Revoke.

If the Board issues a Notice of Intent to Revoke, it shall hold a public hearing concerning the revocation on the date specified in the notice, which shall be no later than 30 days after providing the notice. Within 30 calendar days after the public hearing, or within 60 calendar days if extended by written mutual agreement of the Board and the charter school, the Board shall issue a final decision on the revocation of the charter. (Education Code 47607; 5 CCR 11968.5.2)

If the Board fails to meet the timelines specified above for issuing a Notice of Intent to Revoke or a final decision, the revocation process shall be deemed terminated. (5 CCR 11968.5.2)

Within 10 calendar days of the Board's final decision, the Superintendent or designee shall provide a copy of the final decision to CDE and the County Board. (Education Code 47604.32; 5 CCR 11968.5.2)

Appeals

If the Board revokes a charter, the charter school may, within 30 days of the Board's final decision, appeal the revocation to the County Board. The County Board's decision may subsequently be appealed to the State Board of Education by either the charter school or the district. Local Control And Accountability Plan

BP 0460

Philosophy, Goals, Objectives and Comprehensive Plans

The Governing Board desires to ensure the most effective use of available funding to improve outcomes for all students. A comprehensive, data-driven planning process shall be used to identify annual goals and specific actions which are aligned with the district budget and facilitate continuous improvement of district practices.

(cf. 0000 - Vision)

(cf. 0200 - Goals for the School District)

(cf. 0415 - Equity)

The Board shall adopt a districtwide local control and accountability plan (LCAP), based on the template adopted by the State Board of Education (SBE), that addresses the state priorities in Education Code 52060 and any local priorities adopted by the Board. The LCAP shall be updated on or before July 1 of each year and, like the district budget, shall cover the next fiscal year and two subsequent fiscal years. (Education Code 52060, 52064; 5 CCR 15494-15497)

(cf. 3100 - Budget)

The LCAP shall focus on improving outcomes for all students, particularly those who are "unduplicated students" or are part of any numerically significant student subgroup that is at risk of or is underperforming.

Unduplicated students include students who are eligible for free or reduced-price meals, English learners, and foster youth, as defined in Education Code 42238.01 for purposes of the local control funding formula (LCFF). (Education Code 42238.02)

The Superintendent or designee shall review the school plan for student achievement (SPSA) submitted by each district school pursuant to Education Code 64001 to ensure that the specific actions included in the LCAP are consistent with strategies included in the SPSA. (Education Code 52062)

(cf. 0420 - School Plans/Site Councils)

The LCAP shall also be aligned with other district and school plans to the extent possible in order to minimize duplication of effort and provide clear direction for program implementation.

The budget overview shall be adopted, reviewed, and approved in the same manner as the LCAP and the annual update. (Education Code 52064.1)

Any complaint that the district has not complied with legal requirements pertaining to the LCAP may be filed pursuant to AR 1312.3 - Uniform Complaint Procedures. (Education Code 52075)

(cf. 1312.3 - Uniform Complaint Procedures)

Plan Development

The Superintendent or designee shall gather data and information needed for effective and meaningful plan development and present it to the Board and community. Such data and information shall include, but not be limited to, data regarding the number of students in student subgroups, disaggregated data on student achievement levels, and information about current programs and expenditures.

employee bargaining units, parents/guardians, and students in developing the LCAP. Consultation with students shall enable unduplicated students and other numerically significant student subgroups to review and comment on LCAP development and may include surveys of students, student forums, student advisory committees, and/or meetings with student government bodies or other groups representing students. Board Policy

COVID-19 Mitigation Plan

BP 0470

Philosophy, Goals, Objectives and Comprehensive Plans

The following policy establishes actions that will be taken by the district to provide a safe learning and working environment during the coronavirus (COVID-19) pandemic, and shall supersede any conflicting language in existing district policies or administrative regulations until the Governing Board determines that the need for this policy no longer exists. The Board acknowledges that, due to the evolving nature of the pandemic, federal, state, and local orders impacting district operations are subject to change without notice. In the event that any federal, state, or local order may conflict with this policy, the order shall govern.

(cf. 2210 - Administrative Discretion Regarding Board Policy)

(cf. 5141.22 - Infectious Diseases)

(cf. 9310 - Board Policies)

The Board may also adopt resolutions or take other actions as needed to respond to such orders or provide further direction during the pandemic.

The Board recognizes that students and staff have the right to a safe campus that protects their physical and psychological health and well-being. School campuses shall only be open when deemed safe for in-person instruction. The Board's decision to reopen school campuses for classes, before or after school programs, child care centers, and/or preschool programs shall be made in consultation with state and local health officials, the county office of education, and neighboring school districts. The district shall evaluate its capacity to implement safety precautions and to conduct full or partial school operations, and shall consider student, parent/guardian, and community input.

(cf. 0400 - Comprehensive Plans)

(cf. 0450 - Comprehensive Safety Plan)

(cf. 3516 - Emergencies and Disaster Preparedness Plan)

Prior to the return to on-campus teaching and learning, the Superintendent or designee shall provide to students, parents/guardians, and staff current information about COVID-19, including its symptoms, how it is transmitted, how to prevent transmission, the current recommendations from the state and local departments of public health, and any other information and/or resources

to prepare for a safe return to on-campus teaching and learning. The Superintendent or designee shall also provide information on the processes and protocols the district will follow to minimize the health risks associated with COVID-19, including, but not limited to, physically separating individuals (social distancing), limits on large gatherings, the provision of personal protective equipment (PPE) such as masks and gloves, and the sanitization of facilities.

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)
(cf. 6020 - Parent Involvement)

Student Support

The Board recognizes that the consequences of the COVID-19 pandemic, including fear for one's safety, the economic crisis, the loss of school-based relationships, and disruptions in student learning, impact all students but may have a disproportionate effect on the youngest students, students with disabilities, those students most vulnerable to basic needs insecurity or child abuse and neglect, and other at-risk students.

(cf. 0415- Equity)

As school campuses reopen, staff shall provide a caring and nurturing educational environment for students. The district may provide instruction on social-emotional well-being to all students, including information on how to deal with stress and anxiety in healthy ways and the importance of emotional well-being for academic success.

(cf. 6142.8 - Comprehensive Health Education)

Staff shall pay careful attention to students' increased mental health concerns. Counseling, other support services, and/or referrals to other agencies shall be available to assist students in dealing with the social and emotional effects of COVID-19, such as stress, anxiety, depression, grief, social isolation, and post-traumatic stress disorder.

(cf. 5141.5 - Mental Health)
(cf. 5141.52 - Suicide Prevention)
(cf. 6164.2 - Guidance/Counseling Services)
(cf. 6164.5 - Student Success Teams)

As needed, the district may provide referrals of students and families to basic needs assistance or social services, and may assess students for eligibility for the free and reduced-price meal program or assistance under the McKinney-Vento Homeless Assistance Act.

The Superintendent or designee shall ensure that staff understand their obligations as mandated reporters to report suspected child abuse or neglect, regardless of whether the student is on campus or participating in distance learning.

(cf. 5141.4 - Child Abuse Prevention and Reporting)

The Superintendent or designee may provide information to staff and parents/guardians regarding how to provide mental health support to students. The Superintendent or designee may also provide counseling to staff who are experiencing emotional difficulties as a result of COVID-19.

Instruction/Schedules

The district shall offer a combination of on-campus instruction and distance learning to meet the needs of all students.

(cf. 6157 - Distance Learning)

(cf. 6158 - Independent Study)

The Superintendent or designee shall work with school principals, teachers, other staff, students, and parents/guardians to recommend to the Board a schedule of on-campus instruction for each school. If all students cannot attend on-campus instruction for the entire school day due to space limitations as a result of social distancing requirements, the Superintendent or designee shall consider arrangements for rotating groups of students, such as on a daily or weekly basis, and/or shall provide on-campus instruction to students with the greatest need for in-person supervision.

(cf. 6111 - School Calendar)

(cf. 6112 - School Day)

Priority for on-campus instruction shall be given to the lowest performing students, students with disabilities, elementary level students, students at risk of child abuse and neglect, homeless students, foster youth, and English learners. To the extent practicable, the district shall also consider the needs of essential workers, as designated in the Governor's executive orders, for child care during normal school hours.

On-campus instruction may be prioritized for subjects that are difficult to deliver through distance learning, such as laboratory science, art, or career technical education.

For distance learning, lessons may be delivered through live video sessions, pre-recorded lectures, or other technology-based distance learning platforms and/or the district may supplement on-campus instruction with home assignments. As much as possible, distance learning shall be provided through small-group synchronous learning.

Appropriate training shall be provided to teachers and other instructional staff involved in distance learning, including training on how to use any technology or platform approved for distance learning by the school and opportunities for the sharing of best practices among instructional staff. Available training resources may also be provided to students and parents/guardians when necessary.

Evaluation of Academic Progress Following Campus Closure

Upon return to on-campus instruction following an extended campus closure, the Superintendent or designee shall evaluate the impact of the campus closure on students' academic progress. Such evaluation may:

1. Address student-specific needs arising from the transition back into on-campus instruction
2. Consider whether or not a student has experienced a regression of skills and/or lack of progress
3. If regression and/or a lack of progress is present, identify opportunities for recovery, including supplemental educational services and/or new or different support services

(cf. 6179 - Supplemental Instruction)

For students with disabilities, the evaluation of academic progress shall also be used to determine whether an additional or revised individualized education program (IEP) or Section 504 plan is needed for the student to be academically successful when returning to on-campus instruction. The Superintendent or designee may prioritize urgent student need in scheduling initial and triennial assessments and annual IEP meetings. The Superintendent or designee shall ensure district compliance with all procedural timelines for IEPs and Section 504 plans as required, unless amended by executive order.

Grading

For each grading period, student progress shall be reported in accordance with BP/AR 5121 - Grades/Evaluation of Student Achievement. However, in the event that school campuses are closed for an extended period of time during any grading period, the Board may, upon recommendation by the Superintendent or designee, adopt one or more alternative grading policies which may vary by grade level or type of course. Options for such grading include, but are not limited to:

1. Assignment of final grades based on the student's grades when the campus shutdown occurred, with opportunities to increase the final grade based on progress through distance learning or other assignments and assessments
2. Assignment of pass/no pass grades for all courses
3. Grading based on students' understanding of applicable course content through assessments, projects, portfolios, or other appropriate means

(cf. 5121 - Grades/Evaluation of Student Achievement)

Health Screening of Students

To the extent feasible, students shall be screened for COVID-19 symptoms before boarding a school bus and/or upon arrival at school each day. The Superintendent or designee shall work with local health officials to determine the appropriate means of screening, which may include temperature checks with a no-touch thermometer.

If the screening indicates a fever or other COVID-19 symptoms, or if the student exhibits symptoms at any time during the school day, the student shall be placed in a supervised isolation area until the student's parent/guardian is contacted and the student can be transported home or to a health care facility. School staff may provide the parent/guardian with referrals to school or community health centers for further testing.

The Board recognizes that COVID-19 will continue to impact the attendance of students following the reopening of school campuses. The Superintendent or designee shall notify students and parents/guardians of expectations regarding school attendance. Such notification shall direct any student who contracts the virus or lives with someone who has been diagnosed with COVID-19 to stay home in accordance with state and local health directives so as to curtail the spread of the disease.

Students who are infected with COVID-19 shall be excluded from on-campus instruction until a medical provider states in writing that the student is no longer contagious. (Education Code 49451; Health and Safety Code 120230; 5 CCR 202)

Students who are identified as being in a high-risk population for serious complications from COVID-19 because of a medical condition may request assessment and accommodations under Section 504 and/or an alternative instructional method that allows the student to continue receiving instruction off campus.

When a student is absent, the student's parent/guardian shall notify the school of the reason for the absence. A physician's verification of a student's illness or quarantine may be submitted, but is not required.

(cf. 5113 - Absences and Excuses)

If a student would otherwise be required to attend on-campus instruction but is kept home by the parents/guardians due to concerns for the welfare of their child, the principal or designee shall work with the student and parent/guardian to find alternative means of instruction, which may include distance or blended learning, independent study, printed class assignments, or other reasonable means.

(cf. 6154 - Homework/Makeup Work)

The Superintendent or designee shall maintain enrollment and student attendance data, including the participation of students in distance learning, and shall report data in accordance with state requirements.

The district employee designated as the attendance supervisor pursuant to Education Code 48240 shall track patterns of student absence throughout the district and regularly report such information to the Superintendent. When a student who is participating in distance learning repeatedly fails to check in with the teacher when required, the teacher and/or attendance supervisor shall attempt to contact the student or parent/guardian to resolve the issues leading to the absence.

Social Distancing

In order to maintain a campus environment that allows for social distancing, the district shall assess the capacity of school facilities, including classrooms, cafeterias, multi-purpose rooms, gyms, and outdoor areas, and determine the means by which the facilities can best be utilized considering space and time alternatives. To the extent reasonably possible, the district may:

1. Within classrooms, space desks at least six feet apart and position them in a way that limits students facing each other
2. Stagger students in areas of high traffic, such as when students are using lockers, lining up for class, or passing between classes
3. Mark six-foot boundaries within classrooms, common areas, outdoor spaces, and places where students are likely to gather so that students and staff are more readily aware of and can more easily abide by social distancing requirements
4. Utilize restroom stalls and sinks in a manner that allows for social distancing, such as limiting the number of students and/or staff who may use the restroom at a time, blocking off every other stall or sink from use, and/or marking six-foot boundaries
5. Minimize the mixing of students from different classrooms in common spaces, such as in cafeterias and libraries
6. Conduct recess and physical education classes in a manner that allows for social distancing and minimizes the use of physical education equipment
7. Assess the capacity of school buses and develop a plan for bus routes and bus seating consistent with social distancing objectives

(cf. 3540 - Transportation)
(cf. 3543 - Transportation Safety and Emergencies)

8. Encourage students to walk, bicycle, or travel by private vehicle to reduce the number of students traveling on school buses. Schools may provide designated areas with proper distancing for bicycles to be stored during the school day, and may mark spaces for private vehicle drop-off and pick-up zones.

Large gatherings, such as assemblies, rallies, field trips, extracurricular activities, and athletic events, shall be suspended until the Board determines, consistent with guidance from state and local health officials, that it is safe to resume such activities. The Superintendent or designee may grant an exception if an activity can be arranged to take place in phases or per class, or modified in a manner that would keep participants from violating social distancing recommendations. When deciding whether an activity may resume, the Superintendent or designee may consider the size of the group that participates, the extent to which the students and other attendees have physical contact, whether the activity can be modified to avoid physical contact, if shared equipment is required for the activity, and if social distancing can be maintained.

(cf. 6145 - Extracurricular and Cocurricular Activities)

(cf. 6145.2 - Athletic Competition)

(cf. 6153 - School-Sponsored Trips)

Personal Protective Equipment and Hygiene Practices

The Board encourages students, staff, and visitors to wear PPE while on school campuses or school buses, especially in high-traffic areas and/or when social distancing is not possible. If the use of PPE in schools is required by state or local health officials, the district shall provide PPE to students and staff who do not bring their own personal PPE. Students and staff shall be provided instruction in the proper use, removal, disposal, and cleaning of PPE.

Face coverings shall not be required for children younger than two years, or for anyone who has trouble breathing or is incapacitated or otherwise unable to remove the covering without assistance. Reasonable accommodations shall be made for anyone who is unable to wear a face covering for medical reasons.

The Board also encourages students and staff to practice good hygiene, such as appropriate covering of coughs and sneezes and regular hand washing of at least 20 seconds, including before eating and after blowing one's nose, coughing, or sneezing. The district shall provide adequate time and opportunity for students to wash hands, and shall make hand sanitizer available in areas where handwashing is less accessible. Signage regarding healthy hygiene practices and how to stop the spread of COVID-19 may be posted in and around school facilities.

Garbage shall be removed daily and disposed of safely.

Food Services

The Superintendent or designee shall ensure that students have access to clean drinking water other than through a drinking fountain, and food which is procured, stored, and served in a manner that reduces the likelihood of COVID-19 transmission and follows state and national guidelines for nutrition.

(cf. 3550 - Food Service/Child Nutrition Program)

For meals that are consumed on school grounds, the Superintendent or designee shall ensure that students will be able to maintain proper social distancing while eating. In order to do so, the Superintendent or designee may consider the consumption of meals in classrooms, gyms, the outdoors, and/or other district grounds.

Meal service shall also be available to students participating in distance learning, which may include and/or entirely consist of a "grab and go" service or delivery.

Due to the changing financial circumstances of many families as a result of COVID-19, the Superintendent or designee shall regularly provide information to students and parents/guardians regarding the free and reduced-price meal program, eligibility, and how to apply for the program.

(cf. 3553 - Free and Reduced Price Meals)

Staff

Prior to reopening campuses, the Superintendent or designee shall review staff assignments and, upon request, may reassign employees to reduce exposure to the virus, especially for high-risk staff. When feasible for the position, employees may be granted a remote work assignment.

Any employee who contracts the virus, shows symptoms of possible infection, or is caring for someone who has been diagnosed with the virus shall self-quarantine for the period of time recommended by health authorities in order to prevent the spread of the disease to students or other staff.

An employee may use personal illness and injury leave and/or family care and medical leave, as applicable, if the employee is unable to work or telework because the employee is ill or needs to take care of a spouse, parent/guardian, or child with COVID-19 or other serious health condition. 1. Subject to a federal, state, or local quarantine or isolation order related to COVID-19
2. Advised by a health care provider to self-quarantine due to concerns related to COVID-19
3. Experiencing symptoms of COVID-19 and seeking a medical diagnosis

Follow-Up with Infected Persons/Contact Tracing

The Superintendent or designee shall work with county health officials to track confirmed cases of students and staff with COVID-19, including, but not limited to, following up with students, their parents/guardians, and staff who exhibit symptoms while at school and those who report an absence or miss work due to illness. The Superintendent or designee shall report confirmed cases to local health authorities.

If a student, family member of a student, or staff member has tested positive for COVID-19, the district shall assist local health officials in conducting contact-tracing to identify potentially exposed individuals and ask them to self-quarantine, which may include not participating in on-campus instruction. While maintaining the privacy of the infected person, the district shall inform other students and staff with whom the infected person may have had contact in school.

The Superintendent or designee shall use a variety of methods to regularly communicate with students, parents/guardians, and the community regarding district operations, school schedules, and steps the district is taking to promote the health and safety of students. In addition, the members of the Board have a responsibility as community leaders to communicate matters of public interest in a manner that is consistent with Board policies and bylaws regarding public statements.

children and the critical importance of parental involvement in the educational process, all visitors and volunteers are encouraged to respect guidelines regarding social distancing and large gatherings. School visitors and volunteers shall be limited in number and expected to observe all district protocols for COVID-19. The Superintendent or designee may place signage around the school advising that visitors and volunteers may be required to use PPE while on school sites and interacting with school personnel, and may keep a supply of such equipment available for their use.

(cf. 1240 - Volunteer Assistance)
(cf. 1250 - Visitors/Outsiders)

Use of school facilities by persons or organizations for community purposes involving large gatherings shall be suspended until the Board determines, consistent with guidance from state and local health officials, that it is safe to resume such activities. The Superintendent or designee may only grant an exception if the number of participants in the activity will be limited and the person or organization follows the processes and protocols established by the district to minimize the health risks associated with COVID-19.

(cf. 1330 - Use of School Facilities)

Potential Reclosure of Campus

The district shall monitor student and staff absences and data provided by local health officials to determine if there is a risk of resurgence of COVID-19 and a need to reclose school campuses for the protection of students, staff, and the community. The Superintendent or designee shall develop plans and procedures for alternative methods of operations to the extent possible in the event that reclosure becomes necessary.

If any person diagnosed with COVID-19 is known to have been in district building(s), the Superintendent or designee shall immediately notify local health officials to determine a course of action. The building should be closed until cleaning and disinfecting of the building can be completed and the district can consult with local health officials to determine, based on up-to-date information about the specific cases in the community, whether an extended closure is needed to stop or slow further spread of COVID-19.

If local health officials report that there has been no community transmission of COVID-19, or minimal to moderate transmission in the community, school campuses may not necessarily be closed, but the district shall continue to take all preventative measures described in this policy.

If local health officials report substantial community transmission of COVID-19, campus closures of more than two weeks may be necessary, and the Superintendent or designee shall

Philosophy, Goals, Objectives and Comprehensive Plans

The Governing Board recognizes its responsibility to inform parents/guardians and the community about the conditions, needs, and progress at each district school and to provide data by which parents/guardians can make meaningful comparisons between schools. The process of gathering and analyzing data also provides opportunities for school and district staff to review achievements and identify areas for improvement.

The Board shall annually issue a school accountability report card (SARC) for each school site. (Education Code 35256)

In preparing the district's report cards, the Superintendent or designee may choose to use or adapt the model template provided by the California Department of Education. If the model template is not used, the Superintendent or designee shall ensure that data are reported in a manner that is consistent with the definitions for school conditions as provided in the template. At least every three years, the Board shall compare the content of the district's report cards to the state's model template, recognizing that variances are allowed by law as necessary to meet local needs. (Education Code 33126.1, 35256)

The Board shall annually approve the SARCs for all district schools and shall evaluate the data contained in the SARCs as part of the Board's regular review of the effectiveness of the district's programs, personnel, and fiscal operations.

Intervention For Underperforming Schools

BP 0520

Philosophy, Goals, Objectives and Comprehensive Plans

The Governing Board desires that all district schools provide a high-quality educational program that maximizes the achievement of each district student. The district shall provide assistance to schools to support the continuous improvement of student performance within the priorities identified in the district's local control and accountability plan (LCAP) and to enhance the achievement of low-performing student subgroups.

(cf. 0460 - Local Control and Accountability Plan)

(cf. 0500 - Accountability)

At its discretion, the Board may submit a request to the County Superintendent of Schools for technical assistance regarding the following: (Education Code 52071)

1. Identifying the district's strengths and weaknesses in regard to state priorities addressed in the LCAP, including collaboration between the district and County Superintendent to review performance data on the state and local indicators included in the California School Dashboard and other relevant local data and to identify effective, evidence-based programs or practices that address any areas of weakness
2. Securing assistance from an academic, programmatic, or fiscal expert, or team of experts, to identify and implement effective programs and practices that are designed to improve performance in any areas of weakness identified by the district

In the event that the County Superintendent requires the district to receive technical assistance based on a determination that one or more numerically significant student subgroups in a district school meet the performance criteria established pursuant Education Code 52064.5, the Board shall work with the County Superintendent and shall provide the County Superintendent timely documentation of the district's completion of the activities listed in items #1-2 above or substantially similar activities. (Education Code 52071)

With the approval of the County Superintendent, the district may, at its own expense, engage another service provider, including, but not limited to, another school district, the county office of education, or a charter school, to act as a partner to the district in filling the district's need for technical assistance. If referred to the California Collaborative for Educational Excellence by either the County Superintendent or the Superintendent of Public Instruction (SPI), the district shall implement the recommendations of that agency in order to accomplish the goals set forth in the district's LCAP. (Education Code 52071, 52074)

If the SPI identifies the district as needing intervention, the district shall cooperate with any action taken by the SPI or any academic advisor appointed by the SPI, which may include one or more of the following: (Education Code 52072)

1. Revision of the district's LCAP
2. Revision of the district's budget, in conjunction with changes in the LCAP, that would allow the district to improve the outcomes for all student subgroups in regard to state and local priorities
3. A determination to stay or rescind any district action that would prevent the district from improving outcomes for all student subgroups, provided that action is not required by a collective bargaining agreement

In addition, any school identified by the California Department of Education for comprehensive support and improvement, targeted support and improvement, or additional targeted support and improvement shall develop and implement a school plan in accordance with 20 USC 6311. Such schools may be required to partner with an external entity, agency, or individual with demonstrated expertise and capacity to identify and implement more rigorous interventions.

Comprehensive And Targeted Support And Improvement

BP 0520.1

Philosophy, Goals, Objectives and Comprehensive Plans

The Governing Board is committed to enabling all district students to meet state academic achievement standards. The district shall provide support and assistance to increase student achievement in all district schools, especially any school that has been identified by the California Department of Education (CDE) as in need of comprehensive support and improvement (CSI), targeted support and improvement (TSI), or additional targeted support and improvement (ATSI).

(cf. 0500 - Accountability)

(cf. 0520 - Intervention for Underperforming Schools)

(cf. 6011 - Academic Standards)

(cf. 6171 - Title I Programs)

When any school is identified for CSI, TSI, or ATSI, the Superintendent or designee shall notify the school community, including the principal, teachers, and parent/guardians of students of the school, of the identification and, if applicable, shall inform the school of the student subgroup(s) which are consistently underperforming at the school.

School Plan

Upon receiving notification from CDE that a district school has been identified as eligible for CSI, TSI, or ATSI, the district shall, in partnership with principals, other school leaders, teachers, and parents/guardians, develop and implement a plan to improve student outcomes at the school. The plan shall: (20 USC 6311)

1. Be based on all state indicators in the California School Dashboard, including student performance against state-determined long-term goals, except that any school subject to the state's Dashboard Alternative School Status that has fewer than 100 students may focus on the state indicators that are more applicable to the nature of its program
2. Be based on a school-level needs assessment
3. Include evidence-based interventions

4. If the school is identified for CSI or ATSI, identify resource inequities, which may include a review of district and school-level budgets, to be addressed through implementation of the plan

(cf. 0400 - Comprehensive Plans)

The school plan for student achievement developed pursuant to Education Code 64001 may serve as the school improvement plan required for CSI, TSI, or ATSI, provided that the plan meets the requirements of 20 USC 6311. (Education Code 64001)

(cf. 0420 - School Plans/Site Councils)

The school improvement plan shall be submitted to the Board for approval. (20 USC 6311)

If any district school is identified for CSI, the district's local control and accountability plan shall include descriptions of how the district provides support to CSI school(s) in developing the CSI plan and how the district will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

(cf. 0460 - Local Control and Accountability Plan)

Monitoring and Intervention

The Board and the Superintendent or designee shall regularly review the performance of each school identified for CSI, TSI, or ATSI.

After two years of implementing the school plan, if any such school has been unsuccessful in improving student outcomes to a level that exceeds initial eligibility criteria, the district shall identify the problem and take additional action as necessary.

If a school identified for CSI fails to improve student outcomes within four years to a level that exceeds the CSI eligibility criteria, it shall be subject to more rigorous interventions that include, but are not limited to, partnering with an external entity, agency, or individual with demonstrated expertise and capacity to:

1. Conduct a new needs assessment that focuses on systemic factors and conduct a root cause analysis that identifies gaps between current conditions and desired conditions in student performance and progress
2. Use the results of the analysis along with stakeholder feedback to develop a new
