If your child is unable to get the school health check-up, call the Child Health and Disability Prevention (CHDP) Program in your local health department. If you do not want your child to have a health check-up, you may sign the waiver form (PM 171 B) found at your child's school.

Oral Health Assessment Form

California law (*Education Code Section 49452.8*) states your child must have a dental check-up by May 31 of his/her first year in public school. A California licensed dental professional operating within his scope of practice must perform the check-up and fill out Section 2 of this form. If your child had a dental check-up in the 12 months before he/she started school, ask your dentist to fill out Section 2. If you are unable to get a dental check-up for your child, fill out Section 3.

The law states schools must keep student health information private. Your child's name will not be part of any report as a result of this law. This information may only be used for purposes related to your child's health. If you have questions, please call your school.

Return this form to the school no later than May 31 of your child's first school year.
 Original to be kept in child's school record.

Establishing a dental home for children is important! Children who develop a familiar relationship with their dentist are less likely to experience dental anxiety and more likely to visit the dentist regularly into adulthood. It also gives the dentist consistent opportunities to provide preventive treatment and find small issues before they become problematic. The following is a list of dentists within our community currently working with children. Parents/Guardians can also visit SmileCalifornia.org to find a dental home for their child.
